Think before you ink!

Think Talon Industries!

### OEM Parts

Talon Industries, Inc. is not only one of the largest parts manufacturers for a variety of OEM printing systems; we have one of the largest selections of parts too. Whether you have an install base of VideoJet®, Domino®, Markem – Imaje® or other OEM printing systems, Talon Industries provides OEM original and aftermarket parts for less! Continuous Ink Jet (CIJ), Hi-resolution, Hot Melt or Drop-on-Demand...we have the parts you need and the quality you expect.

With over 3,000 stocked parts, from nozzles to boards, Talon is able to provide customers the parts they need with fast turnaround time. Talon additionally manufactures and builds many different sub - assemblies, kits, ink modules and umbilicals too. If you have questions about the parts you need, our technical service department is there to help.

Talon has an industry reputation that was built on quality and reliability. Whether you are a current customer or new to Talon; let us partner with you to keep your equipment in top condition, your costs in balance and your production lines running.

### Make Your Mark!

Talon Industries, Inc. directly manufactures and supplies high quality inks, make – up fluids, solvents, cleaners, hot melt inks, labels, ribbons, parts and printing systems. Talon Industries is a direct supplier of these products, as well as a service provider, to companies worldwide.

Talon's ink manufacturing is second to none. In fact we offer one of the broadest lines of inks, make-up fluids, solvents and hot melts to choose from in the industry. This allows Talon to support virtually all major printer technologies available today, offering our customers a reliable single source provider for all their coding needs.

Talon Industries, Inc. exists to provide our customers with a reliable and lasting partnership in the marking and coding business sector. The future of Talon Industries will continue to build on quality and commitment; for both our customers and an ever changing industry.

Quality products and service for a fair price should be the standard, not the exception.
